Crist Blassaras	White River Watchers of Madison County
Owen Kirby	Town of Edgewood
Patrick Manship	Madison County
Allan Henderson	MCCOG
Steve Schmidt	MC SWCD
Mary Atkins	Wessler and Assoc. for Edgewood
Joe Royer	Anderson University
Angela Martin	Blue Sky Engineering, for Madison County

**1. Review of 9/9/09 Meeting Minutes**

Meeting minutes were reviewed, but not read. The vote was unanimous to approve the minutes.

**2. Introductions and updates from everyone**

**3. September 12, 2009 White River Clean-up Event**

Record turnout for the 13<sup>th</sup> year for the cleanup was reported by Blassaras. Walmart was the corporate sponsor. They had 40 people from 14 stores. They put in as far upstream as Daleville and took out at Mounds State Park. There 4.9 tons of metal and 220 tires removed. Most of these are old tires from 60's and 70's that have been there, but become visible with scour. A TV and remote were also found by Steve Goodman's grandson. Most new trash seems to be floatables. They ran out of canoes because of the turnout. There were 5 counties who all participated that day. Payless also gave a grant. Walmart has adopted a portion of the White River.

Joy Royer stated that AU freshman do an orientation weekend, and that they are always looking for a 2-3 hour service project. A river cleanup may be a possible project.

**4. 2010 Madison County Fair – Booth Reservations (Goodman)**

Goodman has the booths lined up for the fair. There are 6 spaces reserved for the 4 groups. We discussed putting our new county booth on display at festivals.

- ✓ Manship agreed to provide a list of festivals.

**5. 2010 MS4 Conference**

Martin was assigned to work with M&N on specific menus and reducing the china charge. The budget was discussed.

- ✓ Royer to check into AU students helping with A/V
- ✓ Martin, MCCOG, Anderson all indicated they have pointers to provide.
- ✓ Goodman was assigned the task of determining the number of booths that would fit.

- 6. Public Outreach Message**  
Henderson reported that the message is posted on the internet.
- 7. Rain Barrels and Rain Gardens**  
Red Gold has indicated they will sell plastic drums for \$10.
  - ✓ Henderson to post rain barrel plans to website.
- 8. Booth**
  - ✓ Blassaras to check to see if we can set the booth up at Walmart.
- 9. Reports back from water quality meetings**  
It would be the most helpful if folks could enter the attendance on the website. Manship discussed a webcast he had attended.
- 10. Annual report – database entries**  
To help with the annual report, it would be great if folks could enter the information in the web-based database. Contact Goodman with questions.
- 11. Contractor Outreach**  
Tabled.
- 12. Any other requests**  
None at this time.
- 13. Schedule next quarterly meeting**  
*TBD*
- 14. Conclusion**

Meeting minutes prepared by Angela S. Martin, Blue Sky Engineering, Inc. This draft is dated 12-18-09.
